

You're Invited: Griffin-FGPS Grower Meeting & Training

Join Griffin and the Flower Growers of Puget Sound for an insightful evening of education. We're thrilled to bring this unique technical training opportunity to Molbak's Home and Garden. The evening's scheduled events are:

5:00PM – SOCIAL

5:45PM – TOP INSECT PESTS THAT TROUBLE GROWERS

Presented by Virginia Brubaker, Griffin GGSPro Technical Services Supervisor

We'll share how to identify pests and how to utilize biological control agents (BCAs) combined with well-informed pesticide decisions. Topics include pest biology, cultural practices, sound pesticide rotation strategies and BCA implementation.

Session time: 30 minutes

6:15PM – DINNER

7:00PM – FOLIAR DISEASE CONTROL

Presented by Virginia Brubaker, Griffin GGSPro Technical Services Supervisor

Get the latest on products and strategies for foliar disease control. Learn about newer fungicides to increase control options and how to safely incorporate them into a reasonable pesticide rotation.

Session time: 30 minutes

7:30PM – GGSPRO TECH GUIDE GIVEAWAY

EVERYTHING YOU NEED TO KNOW
